TB189 (Rev1) - NEdit Screen Sizes

Description:

This will allow you to make the NEdit editor screen size fit the entire screen.

Steps:

1. Press **ALT + P** to drop down the Preferences menu.

2. Use the right arrow key to bring up the Default Settings menu.

3. Press the up arrow once to highlight Initial Window Size. Note: On Low Resolutions screens you will not see Initial Window Size because it is off the screen.

4. Press the right arrow once to bring up the Initial Window Size menu.

5. Press the up arrow once to get to the Custom selection option and press **ENTER**.

6. For High Resolution screens (15" LCD screens or newer CRT monitors) use 53 X 142 and for Low Resolution screens (10.4/9.4 LCD screens or older CRT monitors) use 25 X 85. Use the **TAB** key to move to the next field and then to the OK button on the window, then press **ENTER** to accept your changes.

7. Press **CTRL + Q** to quit and **ENTER** to save.

8. Now go back into the editor to verify the screen is the correct size for your display.
